

# PATRICK SCHAUB, AIA, LEED-AP BD+C

Principal

Patrick Schaub studied architecture at Kansas State University where he was recognized with the AIA Gold Medal for Excellence in Architecture. In 1989, he joined the firm of BBN Architects, Inc. and became a Principal in 2004. He has served as Project Architect/Project Manager on diverse projects, with a depth of experience in public architecture, university projects, and research facilities. Patrick has also worked extensively in the planning and design of municipal facilities as well as public/private partnership projects for the City of Manhattan, including the KSU Institute for Commercialization, the Kansas Wheat Innovation Center, and the new Kansas Department of Agriculture office building.
